## Grant Writing: Fundamentals & Foundations for Growth

**Wednesday, August 14, 2024 8:30 am - 5:00 pm**

**\$400**

Following this eight-hour course, you will leave with the ability to understand how to identify fundable functions of your programming, methods for approaching a grant application, ways to find funding, and access templates to connect essential elements common to grant applications to your program.

The course shares how common requirements like logic models, job descriptions, and budget narratives are used to shape an understanding for a reviewer. Discussions around grant management compared to grant writing help participants recognize how to work with a contract grant writer to add to your capacity and help you begin the design of a funding strategy to ensure you are building enduring efforts. Federal grants, private foundation proposals, state grants, and donor-advised funds are all discussed.

- Lunch, coffee and tea will be provided.
- All participants will receive a Google Drive link of grant writing resources and a 30-minute 1:1 coaching session scheduled following the workshop.
- Please bring a laptop and your preferred way to take notes.
- Participants who sign up by August 2nd will receive an invitation to a 1-hour virtual preparation session to be held on August 7th from 4pm – 5pm. Link will be emailed.

### **About the Facilitator:**

*The course is offered by Peaceful Schools and delivered by Jay Roscup. Jay has more than a decade of experience in grant management and writing, and has been part of fund development teams that have obtained over \$100 million in grant funding for schools, municipalities, non-profits and colleges. Jay also has programmatic experience and operates federal and state grants as part of a regional collective impact strategy. He serves on a foundation board that reviews grant applications, and participates in funding reviews and grant scoring. As a writer, reviewer, fund developer and program operator, Jay brings a broad skill set and a wide professional network to offer impactful learning and*

*helpful follow up coaching sessions to shape your approach to grant writing and program sustainability.*

## THE BUSINESS NAVIGATOR: A Child Care Toolkit for New York State Employers

*"Governor Hochul will establish a Business Navigator program in each of the 10 Regional Economic Development Council regions to help interested businesses identify options to support employees' child care needs, and will also develop a statewide employer child care guidebook, making good on another one of the State task force's recommendations."*

— 2023 State of the State press release

**Child Care Council, Inc.** is partnering with the **Early Care & Learning Council** and the **Finger Lakes Regional Economic Development Council** to develop and launch a **Child Care Toolkit for Businesses**. The toolkit is designed to help employers understand their employees' child care needs and connect them with employee benefits, HR services, other child care resources, and relevant tax credits, as well as to highlight gaps in child care availability and services for working families. <https://childcarecouncil.com/2024/06/survey-open-for-business-navigator-toolkit/>

## Summer Safety Issue

### A Note from the Nurse's Office:

As the summer season approaches, it's essential for families to prioritize safety while enjoying the warm weather and outdoor activities. Here are some vital tips to keep everyone safe and healthy this summer. Firstly, sun protection is crucial. Apply a broad-spectrum sunscreen with at least SPF 30 to all exposed skin, and remember to reapply every two hours, especially after swimming or sweating. Encourage children to wear hats and sunglasses and seek shade during peak sun hours between 10 a.m. and 4 p.m. Hydration is another key aspect; ensure everyone drinks plenty of water throughout the day to prevent dehydration, particularly during strenuous activities. When participating in water activities, never leave children unattended near water, and ensure they wear appropriate life jackets. It's also beneficial to enroll them in swimming lessons to enhance their water safety skills. Additionally, practicing bicycle and road safety is vital. Equip bikes with helmets and ensure they are worn properly every ride. Teach children the rules of the road and supervise them closely. Bug protection is also necessary during summer outings. The use of insect repellent can help protect against mosquitoes and ticks. It is also important to conduct regular checks for ticks after outdoor activities. Lastly, staying cool is important to avoid heat-related illnesses. Dress in lightweight, loose-fitting clothing and take frequent breaks in shaded or air-conditioned areas. Pay attention to signs of heat exhaustion, such as heavy sweating, weakness, or nausea, and seek medical attention if needed. By following these summer safety tips, families can enjoy a fun-filled, safe, and healthy season. Let's make this summer memorable for all the right reasons!

The Wayne County Food Security Coalition will meet in person at 3:00 PM on Wednesday, July 31, 2024 at the **Cornell Cooperative Extension Wayne** offices at 1581 NYS Route 88, Newark, NY 14513.

**What is the Wayne County Food Security Coalition?**

We are County and regional agencies, food pantries, churches, service organizations, and individuals who care about our communities and the people who live in them. We share a mission of getting food and better nutrition to our neighbors' tables.

**What is the purpose of the Wayne County Food Security Coalition?**

As a network of like-minded people, we meet (or otherwise interact) to share information, strategies, and resources to make our missions a little easier. We support each other through fellowship and by the simple knowledge that none of us is alone in the fight against hunger.
